**Guide to Registered Marijuana Distribution Tax Filing:**

## **GUIDE TO REGISTERED MARIJUANA DISTRIBUTION NORMALIZATION / MARIJUANA INTERNATIONAL TRAFFICKING: FORM 202 2021 2081 SEC ISE INC.**

*Written by DIA Asset NGO Web Spheres Engineer William AE Baafi, Captor of Osama Bin Laden in 1986 and 2005*

Write descriptive clause(s) in your corporate organizational charters defining whereby the Marijuana Distribution will rescind former operations in Trafficking. If victim of business management systems illiteracy, contact US Attorneys, DIA, US Joint Chiefs of Staff, and Private Attorney

NOTE: Private Attorneys charge exorbitantly and registering with DIA and US Joint Chiefs of Staff is recommended to integrate Marijuana Legalizations with existent Military Programs for Compassionate Conservative Public Private Integration

Obtain Form 1120 from IRS.gov Web Asset

Log Income:

Any Income would need to be aggregated with Street Level Values and an added value assessment to assure no seizure of the Marijuana Distribution Business by DEA or IRS

Log Deductions:

Consider giving to charity and logging Charitable Contributions from Gifting of Marijuana. Any expense attained in operating the business should be logged on files internal at one's business, yet for Declared Deductions keeping them to a minimal and paying Higher Tax to the IRS Suffices

Separate Declarations and Filings:

Assure your Business is registered as a Non-Profit, with Charters outlining why under Federal and State Law the Corporation can counteract Illegal and Unlawful Criminally Violent Distribution of Marijuana and Hemp.

Register Federal EIN

<https://www.irs.gov/businesses/small-businesses-self-employed/apply-for-an-employer-identification-number-ein-online>

<https://www.irs.gov/businesses/small-businesses-self-employed/lost-or-misplaced-your-ein>

Be prepared to File 1120X if any data is wrong, and to levy the petition to legalize Marijuana Trafficking nationally

<https://www.irs.gov/pub/irs-pdf/f1120x.pdf>

Filing Variances:

There may be up to 5 Normative Methods of Filing

Accrual Net Profits, Accrual Net Losses, Accrual LIFO FIFO, and Government Operation Bound Net Processing of Profits as Aggregate Higher Figure Expenses, Cost of Goods Sold, Operative Capital, Operations Investment Gross, and layering accounting whereby the actual processing of Profit is always Zero yet equivalenced to the Operating Gross Expense or Operating Gross Loss

In reporting profits for a Government Marijuana Business, every Profit is a Gross Operating Expense, Gross Operating Cost of Goods Sold, Gross Profit, Gross Royalty, Capital Gain Net Income, and any Income related term mentioned on IRS Form 1120. In this calculation of expense to profit balance, the filing expert and legal team must know how to confirm with Due Duress under

Secrecy Acts preventing Purgatory that the expenses operating are the profits and there essentially is a balanced differential whereby the Firm can be converted into the Marijuana Legalization Trust Operation described by various Business Intelligence Experts during the 1950's when Marijuana Legalization commenced nationally, prior to the draconian policies of Nixon. There essentially is no profit, but every expense is profit. For Businesses operating under this quasi-State modular framework in Massachusetts, Rhodes Island, Connecticut, and Vermont, the operational task is to assure that we overpay in taxes to control legalization and legislation that charters a strident society of Preventing Criminality and Ordaining Perfected Ma'at Societal Order. Considering this, most Government Operatives now know from the example of former Government Charter Businesses losing their charters due to illegal, inaccurate, and erroneous filing.

Develop a standard Income Tax for Marijuana Registered NGO's at 35% - 50% to assure our law faction becomes strident to affect enforcement of all laws written by Islamic Science Education Inc. and other conservative compassionates working to end violence against White Moderates, White Interracialist Conservatives, Hispanics, Blacks, and Muslims

Pertinent to averting seizure, check if previous corporate dissolution is required, given Juelz Santana and Nasir Jones Cases. Moreover, document all forward looking and introspective audit data to IRS Auditors, allowing them to provide advicements whereby your Marijuana Trafficking and Dispense Business would be registered and logged as part of the national referendum speculate to normalizing Trafficking Guidelines, and deprohibiting Trafficking whereby it is considered Amassed Lawful Dispense, Amassed Lawful SCM Aggregation of Formerly Outlawed Medicinal Cannabis Herbal Substance, and Amassed Regulated Trafficking of Marijuana, in intelligence and IRC Codes

If forming a Marijuana Operations Intelligence Familial Network, keep reserves with another relative or associate and file 966 without standoff, treachery, treason or disregard to US Marshals, DEA, DIA, IRS, and Local Authorities whence relevant. Keeping assets with a relative can avert issues with the status of enforcement on Marijuana Businesses being like that found in North Korea, China, Japan, and Myanmar

<https://www.irs.gov/forms-pubs/about-form-966>

# **GENERAL NOTICE PERTINENT TO JOHN GOTTI, BLACK POWER FACTIONS, AND OSAMA BIN LADEN**

John Gotti and Osama Bin Laden both reacted with Treachery regarding Form 966 and planned, orchestrated and indirectly caused Terrorism globally. Working in the Marijuana Business is to promote Peace, Ma'at, Societal Ordainment and Justice. In the Marijuana Business of 2020 and the New Millennium Frontier, working beyond misinterpretations of Marijuana causing Crime is due process. We shall pay higher taxes, even up to 60% as a Standard Income Tax on our

Businesses to form the Global Trust for Marijuana Legalization, working more intensively than NORML's councils. Working with DIA and US DOJ as well as the Biden Administration to do this will encourage our compliance with past and future administrations' doctrines on Permanent Marijuana Legalization and Recompensatory Damages being paid to anyone victimized by arrest for Marijuana Usage and for indirect recruitment to Crime given persons were not afforded the 1,000,000% returns that can be yielded in the Medical Hemp and Medical CBD Industry

John Gotti and Osama Bin Laden attempted to sabotage the Marijuana Industry both from inside and out, offering us to arrest by Local Police, Federal SWAT Teams, and Air Strikes

## **GENERAL NOTICE TO AVERT SEIZURE AND LIQUIDATION OF MARIJUANA TRAFFICKING BUSINESS:**

**Al Qaeda, Answar Al Din, PLO,  
 Hamas, and Hezbollah - through  
 Mohammad Atta attempted to  
 hijack the Marijuana Industry from  
 Egyptian Military Headquarters  
 using forces whom worked to covert  
 attacks against Libya and Maroc**

**We must work in the Marijuana Industry whereby the operations counteract Crime and Criminal Warfare. With new discoveries in Marijuana and regulatory hashish, the most common Marijuana will not be interpreted to be a root cause of crime or**

**rendering its user to Schizophrenia, but contravex in fact – to reduce crime, schizophrenia and societal discord. This is the Ancient Ma'at and Societal Perfection found in the Rastafarian and Islamic Marijuana Business.**

**From 1986 onwards, Mohammad Atta and Al Qaeda with the support of Osama Bin Laden, The Ku Klux Klan, Nazis, White Fascists Extremists, and other factions counteracted legalization of Marijuana by infusing intense violence into the trade. The support in The Black Community of the September 11, 2001 Attacks as intersected support and proliferation of Unregulated Marijuana was intended by Al Qaeda to be a sabotage element to discredence normalization. According to Atta, Marijuana Trading was to be used to fervent the spread of Nuclear Attacks, Subway Attacks, Mass Rail Shootings, Elementary School Shootings, and violence in the streets which would decapitate American Power globally. This was a sad misinterpretation of Atta, given it has extensively damaged the Marijuana Industry and Normalization Subsectors.**

**Rastafarian and Islamic Peace Factions arrested to convert them to Al Qaeda:**

**During 1993 to 2002, various Muslims and Rastafarians were falsely arrested under Marijuana Prohibition Acts to recruit them directly under the control of Osama Bin Laden and to divert Kennedy Administration CIA Programs oversighted by The Reagan Administration and The Bush Administration. The paranoia in the Black Community regarding being arrested for Marijuana Possession led to Proliferation of Arms and Violence in Black Ghettoes Worldwide, including in Canada and England where societal order was the norm for generations.**

**Shoe Bomber Case and Junior Reid:**

**The spread of Marijuana Arrests amongst Blacks intensified Al Qaeda's campaign of injustice, leading to inflammation of Emotive Force for that faction. Rastafarians, given their delighted support of Repatriation, were intended by Al Qaeda to be the first victims of Extremist Recruitment. We can see this in varied sets of Songs led by Rastafarians during 1993 – 2001. In 2001, and further into 2002, Rastafarians became heavily just as ordainers of a new society, that dispromoted violence and promoted Progressive Political Ideals. The normalization of the Marijuana Trade in Jamaica was the formented source of this radical philosophy against Al Qaeda and White Extremism. The intersection of Al Qaeda and White Extremism was dissected by Yami Bolo on Teach The Youth, whereby he described not only Al Qaeda Extremists working in Jamaica but The KKK Controlling the Jamaican Government through ties to England and Conflict Minerals Trading Royals. This specific factioning was decisive in Monarchical Support of Rastafarians globally leading to a globalization of the Bobo Ashanti Movement, with chief promoters being Sizzla, Capleton, and Jah Mason. This evidential progress of Rastafarians to counteract the Extremist Incitement assured a defeat against Al Qaeda and Islamic Extremism,**

whereby when the Muslim World turned against Terrorism they would find extensive allies globally in Mainstream Ethical Media

#### **Al Qaeda Marijuana Importation 2002:**

Al Qaeda primary imported High Grade Canadian Grown Marijuana during 2002 as a method to convex and purvey its continued campaign against The United States of America. On rare occasion were they transferred into custody by the sole reporting actions of the Ethical Marijuana Network. Surprisingly, the intensification of White Racists in the business currently is directly derived from Al Qaeda's operations to use Montreal as an export base of its domestic yield production in Canada to recruit Americans to commit Acts of Terrorism. Atta left a guidebook for his team in Harlem and Montreal to promulgate the unlawful trade of Marijuana to counteract its legalization. This included varied factors. From one perspective, Al Qaeda may have committed the Acts of Terrorism in 2001 to assure Legalization would never occur and that the Marijuana Business would be poisoned by dangerous substance Marijuanas to ruin the human brain and neuroprotective shields delimited to high resonant Hemps and CBD Marijuanas and in varied well bred THC Marijuanas. The US Government, whilst I operated in Acton marketing Marijuana at \$100 per day profit, attempted to stem the tide of deranged Marijuana Breeds and in Secret Legalized the Medicinal Herb Supplement. Even today Marijuana Growers are arrested on Federal, Local and State Charges for production of a Schedule I Narcotic when in fact it is simply a Medicinal Supplement with Strain Variations that can cause intensive wide array effects to users limited to previous consumption of Narcotics. We must pay higher taxes so Marijuana is descheduled as a Narcotic under Federal Auspices, and rescheduled as a Vitamin Supplement. In modern days, even as the Hemp Farm Bills of 2014 and 2018 have protected Marijuana Growers producing crops above .3% THC, their rights are very often trampled upon, with Federal Raid Authorizations on almost every grower in USA in standing motion. It is incumbent upon our Legalization Trust to comply with every wish of Local and State Enforcement, whilst paying Duties to Federal Oversight Enforcement and International Monitors to protect our rights to grow Marijuana under Research Auspices, even in excess of the 2014 Farm Bill and 2018 Farm Bill.

#### **Permanent Legalization:**

We are requesting our supporters to register their businesses and Grow Ops with NIH, and even US Joint Chiefs of Staff and US Defense Intelligence Agency, to assure that the rights of Marijuana Patients, Suppliers, Marijuana Tending Caretakers, Traffickers, Growers and Seeds Specimen Researchers are maintained with relevance to Research Auspices of the 2014 Farm Bill and 2018 Amended Farm Bill with full authority to cultivate, consume, and dispense Marijuana, formerly construed as Marijuana Trafficking.

## **Counterance of Crime in Marijuana Normalization:**

**The normalization of Marijuana Trafficking as Dietary Vitamin Distribution will help many, including the Director of DIA Scott Berrier whom was charged with Trafficking Marijuana by The UN and internally. He supported my Distribution of Marijuana since 1995 to counteract Al Qaeda and Islamic Extremism using standardization methods learned during World War II. The process of DIA and US Joint Chiefs of Staff legalizing Marijuana only requires the support of citizens, and scientists working together to prove that Marijuana, when carefully regulated is a Dietary Medicinal Supplement, required to help Neuroprotective Pathways in the Human Brain. This is proven by lasting Historical Evidence, in Historiographic Records**

## **Benefits of Marijuana Normalization:**

**There are extensive benefits of Marijuana Normalization, including further oversight to regulate development and manufacturing of the plant matter to assure FDA safety regulations are adhered to. Moreover, it is known that when Marijuana is legalized Federally and across all States, breeds will be developed that combat common illnesses such as Schizophrenia, Social Phobia, Social Anxiety, Agoraphobia, Obsessive Compulsive Disorder, Schizoaffective Disorder, Bi-Polar Disorder, Recriminative Incitement Disorder, and Post Traumatic Stress Syndrome. Currently, there are limited breeds and phytocannabinoid research that documents this absolute fact, yet with Normalization of Marijuana as a Vitamin Supplement under Federal Statute Auspices the industry will be able to develop Marijuana Medicines in common ubiquitous form to treat mentally ill persons. Whilst I was transporting High Grade Hemp Marijuana in Acton and Boxborough during 2003 and 2004, CIA Director Woolsey developed Anti-Psychotic Marijuana Breeds which in the period of 20 years could neutralize the Schizoaffective Condition I suffer from caused by exposure to a Mass Shooting in Dorchester Boston during August 1998. According to DIA's Research this one shooting caused a severe schizophrenia in my brain which was lessened to Schizoaffective by Lambsbread and Northern Lights Mango Treatment Marijuanas I consumed from Harlem during September 1998 - December 1998.**

**SOURCE: <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC6843725/>**

**Treatment of the mentally ill with marijuana is extremely benevolent, given the commonality of Marijuana in Partying and Street Usage. Thus, more mentally ill persons can be stabilized with Regulatory Marijuana Batches being distributed free to homeless vagrants, and transients operating on the streets prior to be stabilized in Section 8 and Public Housing. The deployment of Marijuana and Hemp Marijuana to treat these victims of mental illness frailty can reduce crime and fervent societal order. Although not every mentally ill person may be able to**

receive treatment by breeds of Marijuana that treat Schizophrenia and the spectrum of disorders on DSM Manuals listed in Anxiety Disorders, it will be very likely that tepid limited neutralization of their disorders will occur, with Anti-Psychotic Hemp Marijuana being donated for Distribution.

#### **President Biden's Pledge to Marijuana Normalization by 1/2022:**

President Biden issued in a Private meeting a pledge to Federal Normalization of Marijuana by January 2022. This would mean that all Marijuana in The United States of America can be registered with DIA and US Joint Chiefs of Staff for federally lawful growth, distribution, and consumption. The pledge all includes an exoneration subclause, whereby persons charged with Marijuana Crimes can be exonerated by State and Federal Courts, with the Criminal Offence Records being cleared. Further documentation on this subclause is being conducted by NORML and other legal research bureaus, outlining whether Recompensatory Damages are required to be paid to victims of Marijuana Arrest and diversion to other fields of Medicines Consumption, including Illegal Narcotics Consumption. Biden has urged that Marijuana is an Anti-Psychotic with properties to treat Schizophrenia, OCD, and Severe PTSD Anxiety. Marijuana users are thrilled with this assertion and have commenced growing operations specified to Reduction of Anxiety, Paranoid Schizophrenia, and other relevant conditions.

#### **Biden's Pledge to Legalize Marijuana Internationally:**

Biden has asserted that he will attempt to Lobby Internationally for the Legalization of Marijuana in nations which in previous regard oppressed Marijuana Cultivators, Growers, Distributors, Users, and Traffickers. This pledge includes negotiations with Myanmar, Japan, China, and Pakistan. The offering of President Biden to assure normalization globally of Marijuana is quite important for the plight of Marijuana Sector Growth.

#### **Endocannabinoid Research to Combat Schizophrenia:**

Specific Jamaican Breeds combat Schizophrenia including Lambsbread, Collie, Combola, Purple Skunk, Purple Northern Lights, Northern Lights and others, thus the Jamaican Government should be sponsored to secure contracts in preventing Psychosis. The growth of Marijuana in Jamaica throughout the year is a benign fact, and can be thrust to form intense anti-psychotic breeds of Marijuana. The phytocannabinoids in Marijuana when harnessed using Isomatrices Stabilization can combat Schizophrenia and reduce Street Violence. Varied Research Studies completed in Jamaica prove this along with stringent adherence to Rastafarian Society. The Rastafarians and Rastafarian Muslims in Jamaica are specifically a base of Peace that assures an ending to violence on the Island and throughout the general subregion.

## **Phytocannabinoid Research to Combat Mental Illness:**

**NIH Researchers often scathed by the current status of Marijuana as a Prohibited Substance are documenting that even the arrest of Marijuana Growers is deleterious to American Society. The prevalence of Marijuana Arrests throughout The United States of America and its allies is discording peace and structuring a revolt which is harmful to Economic Progress and Stabilization of Western Democracies. NIH findings declare that specific research in Marijuana absolute and document that it is a benign herbal neuroprotective vitamin substance and definitively not a Narcotic Herbal Substance. Former laws regarding Marijuana are draconian and have diverted medicinal development in the field of treating Schizophrenia in a format that is palatable to the lives of common schizophrenes. NIH also confirms that with the regulation in place to Normalize Marijuana as a Vitamin Herbal Substance Supplement, any breeds which cause Schizophrenia can be seized and identified in growth using Advanced Stationary Satellite Surveillance Monitoring. With this being a statuted fact, NIH believes that within the next 1 - 2 years all breeds of Marijuana on the market will intensively treat Schizophrenia, Depression, Bi-Polar and the Spectrum of Dangerous Anxiety Disorders of which Marijuana formerly was attributed to causing.**

**SOURCE: <https://psycnet.apa.org/record/2014-40045-028>**

## **NIH Research into Marijuana:**

**NIH Doctors operating in The Mid-Atlantic are specifically developing breeds of Marijuana that can neutralize Mental Illness and develop Healthy Physiological Limits in the users, whereby their lives are healthy. NIH is also proving that Marijuana has assisted Muslims and Rastafarians in assurance of mental clairvoyance. This is documented in the stability of Muslim Societies throughout North Africa and Arabia. It is also documented in Jamaica where Marijuana is known to be a benign substance which prevails peace in the society.**
